

# Technology for Abundant Life

**Technology in God's hands brings life!** This is why we at SonSet Solutions are so passionate about harnessing today's technology for the cause of Christ. Through technology we are overcoming barriers of infrastructure, geography, and culture to bring the "light of life" (John 8:12) to those walking in darkness. SonSet Solutions has a 30-year history of integrating technology with world missions in more than 155 countries.

## OUR MISSION

We provide **technology-based solutions** to advance the **Gospel** worldwide.

### Radio Broadcasts and SonSet® Radios

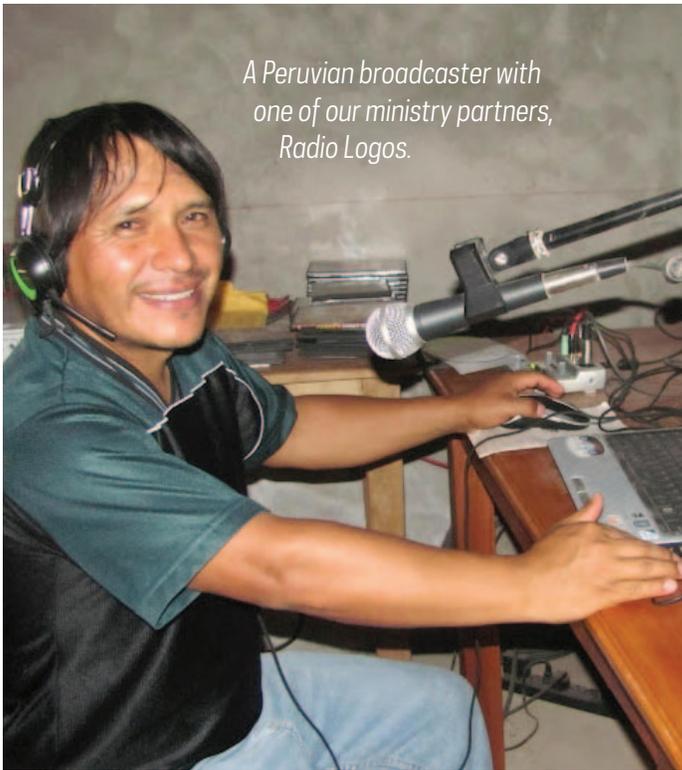

Brad Shaw, missionary with SIM, needed a way to reach the far corners of the rugged Cotahuasi Canyon of southern Peru. Radio was the answer. Since 2008, SonSet Solutions has been helping Radio Sendas Cristianas with equipment, technical consulting, repairs, and ideas for expanding their radio outreach. Recently, Brad and his team visited a village they had never before been able to physically access. As soon as Brad began to speak, they recognized him as the man they listened to on the radio. This prompted the villagers to invite Brad to return and plant a church in their community. Brad also distributes our fixed-tuned, solar-powered SonSet radios throughout the canyon villages to support discipleship of new believers via the radio.

### Remote Monitoring

A SonSet Solutions remote water monitor was installed on a clean water system in the jungle region of Ecuador. It alerted our partner, Reach Beyond, of a water system failure hours before a man from the village arrived at their offices to report the failure. Together, the engineers and the villager were able to diagnose possible causes. The engineers then trained their visitor on various repair procedures using a working model of the water system. The village representative returned to his home and made the repairs, restoring the flow of clean water to his people. Showing Christ's compassion for people in ways like this opens the door for sharing His message of salvation.

In 2016, SonSet  
Solutions assisted

**156**  
**MINISTRIES**  
in 60 Countries

A Peruvian broadcaster with one of our ministry partners, Radio Logos.

## Radio Planting

Pioneer Christian Hospital has been serving the people of the Republic of Congo for many years. In 2013, they were looking for a way to minister to the whole person – body, mind, and spirit. They contacted us for help. We equipped them with a small radio station so they could educate people about good public health practices and reach their hearts and minds with the good news about Jesus. In 2016, we erected a 300-foot antenna tower, greatly increasing the station’s coverage area. Afterwards, Dr. Joe Harvey, founder and Medical Director at the hospital, said, “New listeners are phoning in record numbers from villages that couldn’t receive the signal before.” When asked about the technical support they received from us, he said, “SonSet Solutions doesn’t impose solutions on us; they ask us what we need.”

**SonSet Solutions** provides **solutions** to **real-world ministry problems**. We use technology to multiply our partners’ impact, allowing them to increase their voices, express their compassion, and open doors to the gospel. Together, we are advancing the gospel in strategic regions all over our world.

**OUR GOAL**  
is to raise  
**\$353,000**  
in 2017

A growing number of financial partners allows us to keep the R&D work flowing, continue our free consulting services, and create the administrative backbone needed to support this growing ministry. **Won't you join us in this exciting venture?**

## Ways to Give

We offer a variety of giving options for your convenience:

### ONLINE

Give with a credit card or bank transfer by going to **SonSetSolutions.org/donate** and choosing “Partner With Us”

### BY MAIL

Send a check or money order to:  
**SonSet Solutions**  
P.O. Box 2709  
Elkhart, IN 46515-2709  
USA

### BY PHONE

Call us at **574.970.4252** and we can help you:

- Give a one-time gift
- Set up a monthly recurring donation directly from your bank account or credit card
- Receive information about our legacy gift opportunities
