

DELIVERING GOD'S WORD

Hundreds of millions of people throughout the world are illiterate. They may not have the ability to read God's word, but through local Christian radio stations, many have the opportunity to listen to the gospel message. But how can radio become accessible to people in remote areas of the world? SonSet Solutions developed a solution: the SonSet® radio — a solar-powered, fixed-tuned portable radio receiver.

This year, four broadcast partners approached SonSet Solutions about an urgent need to expand the reach of their ministries by distributing SonSet radios to the local community. As a result, **SonSet Solutions has launched a campaign to fund at least 10,000 SonSet radios in 2018 that can be sent to these four partner organizations, and others like them.**

USALAMA FM
UGANDA
(East Africa)

"Thank you for those radios you distribute. If there were **more radios, more people could listen.**"

- School Headmaster,
Boroli Refugee Settlement

RADIO LOGOS
PERU
(South America)

Radio Logos is on the edge of the Peruvian jungle and broadcasts in

14 different languages

to oral learners living in primitive conditions and isolated communities.

WANTOK RADIO LIGHT
**PAPUA
NEW GUINEA**
(South Pacific)

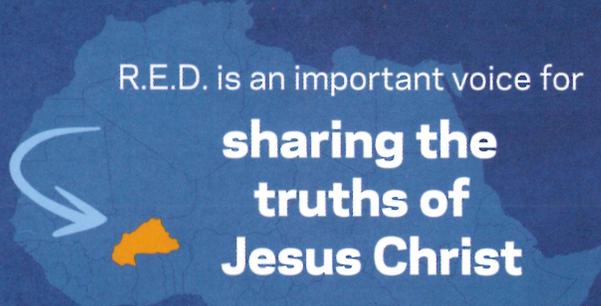

"I take my SonSet radio wherever I go. It's easy to carry around.

The word of God and the songs always bless me

when I listen to Wantok Radio Light."

- Martin

RADIO ÉVANGILE DÉVELOPPEMENT
**BURKINA
FASO**
(West Africa)

R.E.D. is an important voice for

**sharing the
truths of
Jesus Christ**

with people who live
where violent extremist
groups are active.

GOAL:

Fund

10,000

**SonSet
Radios**

in 2018
